STATUS

For review

— THE ESSENCE

Proware is an end-to-end logistics partner that doesn't stop at the dock — we **move** goods, **lease** space and equipment, and **manage** warehousing.

/ 01

Move it

Air, sea and road freight, door to door, with customs handled.

/ 02

Lease it

Flexible leasing of space, vehicles and handling equipment.

/ 03

Store it

Secure, managed warehousing with inventory and fulfilment.

Plain-spoken, confident, accountable.

Proware sounds like a trusted operator, not a marketing brochure. We earn confidence by being clear and specific about what we do.

Clear over clever

Say exactly what the service does. No jargon, no filler.

Confident, not boastful

State capability plainly. Avoid hype and invented metrics.

Concrete

Name real services, modes and outcomes the reader can picture.

Partner, not courier

We frame ourselves as one accountable partner across the journey.

DO SAY

- + "Your cargo, moved and managed end to end."
- + "One accountable partner, from collection to delivery to storage."
- + "Add capacity for a season without the capital cost."

AVOID

- "World's #1 logistics provider" (unprovable hype).
- "10,000+ shipments delivered" (no invented numbers).
- "Synergistic best-in-class solutions" (empty jargon).

The mark.

A rounded monogram pairing a "P" with a forward arrow — motion and reliability in one shape — locked up with the Bricolage Grotesque wordmark.

PRIMARY — ON PAPER

REVERSED — ON INK

CLEAR SPACE

Keep clear space around the lockup equal to the height of the monogram.

MINIMUM SIZE

Never below 24px tall on screen / 8mm in print, to keep the arrow legible.

DON'T

Recolour the mark, stretch it, add effects, or place it on busy imagery.

Note: this is a working placeholder mark generated for the site. If Proware commissions a final logo, the rules above still apply — only the artwork changes.

Deep ink, warm paper, one signal.

A restrained palette: a near-black teal-navy for authority, a warm off-white for calm, and a single signal amber used sparingly for energy and action.

Balance: lead with paper, anchor with ink, and let amber stay rare so it always reads as "act here."

Three voices, one system.

Bricolage Grotesque

DISPLAY · HEADINGS

Move it. Lease it. Store it.

Weights 600–800 · tight tracking (–2%) · used for headlines and section titles.

Manrope

BODY · UI

Proware Associates handles freight by air, sea and road, plus the parts most carriers don't: flexible asset leasing and fully managed warehousing.

Weights 400–700 · used for body copy, navigation and buttons.

Space Mono

LABELS · TECHNICAL

AIR · SEA · ROAD · LEASING · WAREHOUSING / 01 – 06

Uppercase · wide tracking (.18–.22em) · eyebrow labels, indices and metadata only.

Minimal, structured, calm.

Generous whitespace, a quiet grid, and a few repeatable signatures. Live examples below render in the brand's own styles.

PROWARE EDGE

SERVICE CARD (DARK)

/ 04

Leasing

Lease warehouse space, vehicles and handling equipment on flexible terms — add capacity without the capital cost.

Signatures to reuse: thin 1px grid motifs, pill-shaped buttons (100px radius), 14px card corners, dark inverted sections for emphasis, and amber reserved for action.
